Home Décor with a Natural Twist

e-Kandle Kuffs™

The **e-Kandle Kuff™** was created for those who enjoy the graceful beauty of candle light, but prefer the safety and convenience of flameless candles. LED technology has allowed consumers to enjoy longer battery life, realistic flickering light, and warm colors, making them a worthy alternative to an open flame. Whether it's concern for small children and pets, or simply the distractions of everyday life, the flameless tea light is a practical solution... and the **e-Kandle Kuff** is the perfect partner. Each **e-Kuff** has a rich organic feel that compliments the eye catching designs.

e-Kandle Kuffs bring electric tea lights to life! From dining and patio tables to pools and spas, these durable acrylic cylinders make every setting special. They are great both indoors and out. Unlike a real candle, the flameless tea lights (included) can be used in confined spaces like cabinets and on bookshelves. Their versatility is unmatched.

e-Kandle Kuffs are perfect for those who enjoy the serenity of a flickering candle and the beauty of natural materials.

Our **e-Kandle Kuffs** come in a wide variety of designs with new images added seasonally. Each **e-Kuff** features original digital artwork, created using high resolution digital photography, combined with a selection of luxurious rice papers. The artwork and rice papers are bonded to sturdy acrylic cylinders. Each piece is hand-crafted in Pasadena, California. To see our entire product line, please visit us at www.leafmotif.com.

It provides 80+ hours of illumination and uses a two-way switch on the bottom. One side of the switch provides a gently flickering amber light, while the other side of the switch offers a color-changing red/green/blue option that is particularly effective in those designs that feature a sunset background.

About Leaf Motif

Artist Catherine M.S. Cowles began hand sculpting clay leaf structures more than thirty years ago. Over time her connection with leaves inspired her to explore the many ways in which each unique leaf shape and color could be combined in other mediums. Her work first expanded to original pressed leaf collages. Then, in 2003 she and her husband, photographer Ovie Cowles, expanded the business and launched Leaf Motif. Their botanical themed home décor line now includes:

- Original pressed leaf collages
- Giclee reproductions
- Photographic prints
- Scanography
- Tinted Cyanotypes and Cyanotype reproductions
- Illuminated Kandle Kuffs™, e-Kandle Kuffs™, and e-Kandle Wrapz™
- Wall sconces and occasional lamps

Leaf Motif has won juried show awards for mixed media. Catherine has appeared on Home and Garden Television (HGTV), the Martha Stewart Living Radio on Sirius XM Satellite Radio, and Cindy Dole's Home Wizards radio show.

All Leaf Motif products are designed and hand crafted in Pasadena, California. We welcome the opportunity to work with you. Custom orders are also welcomed.
